GI Balance Pro<sup>®</sup> is an all-in-one gut health formula featuring probiotics, prebiotics and postbiotics. These flavorful chews contain patented, cutting-edge ingredients to help maintain microbial balance in the GI tract, and support regularity, comfort and immune health.

⏪

DUCK FLAVOR

- › Complete gut health formula featuring probiotics, prebiotics and postbiotics to support GI health and comfort in cats and dogs
- › Features CoreBiome<sup>®</sup> postbiotics to help strengthen the gut lining and manage gut health conditions
- › Sunfiber<sup>®</sup> is a clinically proven soluble fiber that promotes the growth of beneficial bacteria in the GI tract
- › Contains 1 billion CFU of patented GanedenBC<sup>30</sup><sup>®</sup> probiotics to support digestion, immune health and regularity
- › Hydrolyzed duck-flavored chew includes marshmallow root to help with gastric discomfort

#### RECOMMENDED FOR:

- › Gastrointestinal health & comfort
- › Occasional diarrhea or constipation
- › Maintain microflora balance
- › Digestive and immune health
- › Dietary sensitivities

GI Balance Pro® combines probiotics, prebiotics and postbiotics to support gastrointestinal health, comfort and regularity in cats and dogs.

**GI Balance Pro®** is a complete gut health supplement combining probiotics, prebiotic fiber and postbiotics to support optimal gut health in cats and dogs. It's recommended for pets with GI health issues as well as occasional diarrhea or constipation.

**About CoreBiome®:**

- CoreBiome® (Tributylin) is a patented, clinically tested short-chain fatty acid (SCFA) called butyrate that is the primary fuel source for cells in the gut lining. CoreBiome® acts as a postbiotic by helping to strengthen the gut lining and maintaining microbiota balance in the digestive system. CoreBiome® also supports a normal inflammatory response and combats oxidative stress to support gut and immune health.<sup>1</sup>

**About Sunfiber®:**

- Clinically proven soluble fiber helps maintain healthy gut flora to support digestive and immune health.<sup>2</sup> All-natural, non-GMO Sunfiber® helps food move through the digestive tract to support pets with occasional diarrhea or constipation. It helps minimize occasional gas, cramping and diarrhea

through slow gut fermentation. SunFiber® also increases production of satiety hormones to manage glucose and insulin levels, impacting the glycemic response.<sup>3,4</sup>

**About GanedenBC30®:**

- Each chew contains one billion CFUs of highly-stable probiotics (*Bacillus coagulans*) to help maintain microflora balance and support digestion, immunity and regularity. GanedenBC30® is now the first and only probiotic ingredient to be non-GMO verified by the non-GMO Project. In addition, GanedenBC30® is the first probiotic to show protein utilization benefits, and it's FDA GRAS and USP Monograph listed.

**About Marshmallow Root:**

- Marshmallow Root (*Althea officinalis*) is an herb native to Europe and Asia used for its ability to soothe the gastrointestinal tract. It contains a gel-like substance known as mucilage which helps maintain a healthy GI tract lining in the face of foreign material.

**DIRECTIONS FOR USE:**

Dogs:  
 0-30 lbs: ..... 1 chew daily.  
 31-60 lbs: ..... 2 chews daily.  
 61+ lbs: ..... 3 chews daily.  
 Cats: ..... ½ chew daily.

**PRODUCT FACTS:**

**Active Ingredients Per 1 Soft Chew (3.0 g):**  
 Sunfiber® (Partially Hydrolyzed Guar Gum) ..... 500 mg  
 Tributyrin (as CoreBiome®) ..... 150 mg  
 Marshmallow (*Althea officinalis*) Root ..... 50 mg  
 GanedenBC30® (*Bacillus coagulans* GBI-30, 6086) ..... 1 Billion CFU/Chew
